

## Joint workshop COST actions FA0807 and FA1003

**EUPHRESKO GRAFDEPI project**  
**Validation of diagnostic procedures for grapevine “flavescence dorée” detection**

**Hotel Praia Mar Carcavelos-Lisbon, Portugal**  
**October 2<sup>nd</sup>, 2013 - 8:30-13:00**

8:30-8:40

**Welcome addresses**

8:40-9:10

**Assunta Bertaccini** – Overview about “flavescence dorée”: diffusion, epidemiology, strain differentiation

9:10-9:30

**Marianne Loiseau** – “Flavescence dorée” detection: state of art

9:30-10:30

**Current status of “flavescence dorée” in countries involved in the GRAFDEPI Project (Austria, Belgium, France, Italy, Portugal, Serbia, Slovenia, Spain, Turkey)**

10:30-10:45

**Graziella Pasquini** - EUPHRESKO GRAFDEPI Project ‘Epidemiological studies on reservoir hosts and potential vectors of grapevine “flavescence dorée” (FD) and validation of different diagnostic procedures for GFD’: objectives and management

10:45-11:00

**Helga Reisenzein** – GRAFDEPI Workpackage 2. Epidemiological studies: objectives and state of art

11:00-11:15 Break

11:15-11:30

**Piero Attilio Bianco** – GRAFDEPI Workpackage 4. Design of surveillance systems: objectives and state of art

11:30-11:45

**Stephan Steyer - Marianne Loiseau - Graziella Pasquini** - GRAFDEPI Workpackage 3: Validation of diagnostic procedures for grapevine “flavescence” dorée detection

11:45-13:00

**EUPHRESKO member discussion and ringtest organization**
